

Registered NDIS Provider

NDIS Solutions

Delivering NDIS funded solutions
to support independence

Who is Tunstall Healthcare?

Tunstall Healthcare is a leading provider of Connected Care and Connected Health solutions and services. With over 60 years of global experience, our assistive solutions give our clients the freedom to live safely and independently.

Tunstall offers a truly end-to-end solution, encompassing design and development, consultancy and service support, deployment and training, and triage and monitoring services.

Our Australasian operations in Australia and New Zealand are long established managed service providers to government, retirement villages and community care organisations.

With alliances and partnerships across the region, we provide a positive, reliable and consistent experience in dealing with Tunstall. Together we strive to care for as many people as possible by listening to our customers and offering market responsive solutions.

What Tunstall can do for your client

If your client is looking to live more independently, Tunstall can help them do so with confidence. Through NDIS funding, we can provide a number of products to your clients to help them achieve their NDIS goals. All our products come complete with 24/7 access to our Care Consultants who are available to assist at any time.

Building a Smart Home

Tunstall Healthcare provides assistive technologies which can be customised and adapted to meet the individual care needs of our clients.

Tunstall's devices can be interfaced with compatible smart home technologies to support the safety and wellbeing of an individual living independently or with the assistance of a carer. It can be monitored by our 24/7 Customer Care Centre, or by an on-site carer.

Family and friends can also participate in monitoring through secure, real-time applications.

1. Personal Alarms
2. Activity Sensors
3. Fall Detector
4. Environmental Sensors
5. Bellman Visit Solutions

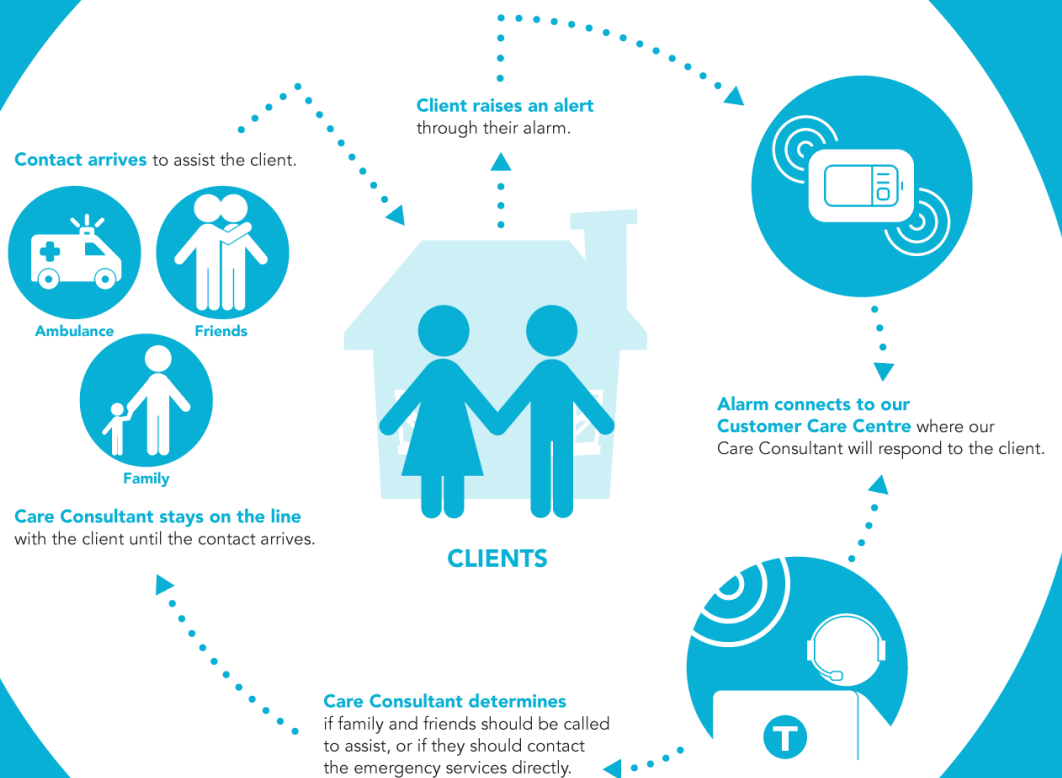

Call us anytime 24/7

You can press your pendant at any time, night or day and there will be someone there to answer your call at our 24 hour Customer Care Centre. If you don't want to worry your family at an unreasonable hour, that's not a problem. We can delay contacting your family until a more suitable time.

Tunstall's devices can also interface with compatible smart home technologies to enable greater control for the individual or carers through voice control and automation.

Tunstall's home care solutions enable people of any age and ability to live safely and independently in a place of their choice.

How Home Care Works

Tunstall

Registered NDIS Provider

National Disability Insurance Scheme

The National Disability Insurance Scheme (NDIS) is the new way of providing individualised support for eligible people with permanent and significant disability, their families and carers.

If you are a person with a disability who wishes to participate in the NDIS, you must first be assessed against the access requirements. For enquiries, visit www.ndis.gov.au or call **1800 800 110**.

As a registered NDIS provider, Tunstall Healthcare can now offer funded products and services through the NDIS.
